

OUR SCHOOL'S SAFE CULTURE
STUDENT OBLIGATION

I understand that a **SAFE SCHOOL CULTURE** is one which guarantees that students and staff feel safe physically, emotionally, socially and academically, because **both students and staff obligate themselves** to treat one another in a way that makes each other feel appreciated and valued as a person.

It is the guarantee of a Safe School Culture that I seek and need, because the absence of a Safe School Culture can diminish my connection to and effort at school.

THEREFORE:

I accept my obligation to contribute to my school's Safe School Culture by always:

1. treating others with tolerance regardless of our differences and beliefs.
2. treating the School with loyalty and respect by:
 - not bringing drugs/alcohol onto school property
 - not being under the influence of drugs/alcohol on school property
 - not bringing weapons or fire arms onto school property
 - not resorting to or supporting , harassment, intimidation & violence.
